New WSP Website

We are pleased to announce the scheduled launch of our brand new website! WSP will be working the next month or so to complete the new WSP website. The website is scheduled to go live by mid-late April.

Our goal with this new website is to provide our visitors an easier way to learn about WSP and also allow users to browse information based on their own choice. The new website is interactive and gives better access to About Us, Board Information, Latest Pathology News, Membership, Education and Events, and Contact web pages.

Amongst the new features the site contains a form to submit a news story for feature on the WSP news pages, ability to search for members in the member directory, and access previous E-newsletter's like this one.

We hope you will find the new website with a fresh look, easy to access information and we also wish to establish this portal as a source of information for those who visits our site.

For any questions, suggestions, feedback or comments, please [E-mail us](#).

Applicable Laboratories Must Report PAMA Data by March 31

The Protecting Access to Medicare Act (PAMA) requires certain laboratories to submit private payor rates for clinical laboratory tests. Private payor data is due to the CMS by March 31, 2017.

To help you with the submission process, the CMS created a [PAMA DATA COLLECTION USER GUIDE](#) with step-by-step instructions and screen shots.

The CAP has added this invaluable tool to our pathology-specific [PAMA RESOURCES](#), including an [INFORMATIVE INFOGRAPHIC](#) and [PODCAST](#), to help laboratories understand regulatory requirements and upcoming deadlines. These resources and additional tools can be found on the [CAP'S PAMA RESOURCES WEBPAGE](#).
