

CME

CLAIMING YOUR CME CREDIT FOR THIS LEARNING ACTIVITY:

Approximately four to six weeks after the conference, you will receive an email from the CAP with instructions on claiming your credit(s)/hour(s) and printing your online certificate. Please watch for this email and please contact the CAP Learning at education@cap.org or 1-800-323-4040 Option 1 if you have any questions.

LEARNING OBJECTIVES:

By the end of this activity participants should be able to:

- Understand the criteria required for molecular profiling of solid tumors.
- Describe the utility of mutation profiling in diagnosis of myeloid neoplasms.
- Describe unique case reports and identify solutions based on research findings.
- Utilize cytologic features in urine cytology specimens to enhance the diagnostic evaluation of bladder biopsies/resections and vice versa.
- Recognize common clinical presentations and peripheral smear morphology of urgent hematologic conditions including general neoplastic, hemolytic, and infectious entities.
- Identify methods to best improve the standard of medical training and health care in developing nations.
