

# Introduction to In Vivo Microscopy (IVM) Interpretation

## An IVM interpretation seminar designed for pathologists

**When:** Saturday, September 16, 2017  
**Where:** The James Hotel, 55 E. Ontario Street  
 Chicago, Illinois  
**Sponsor:** In Vivo Microscopy Committee

“As medicine changes, it is imperative that pathologists’ understanding integrate[s] those changes into daily practice. This workshop will give you the background to lead changes in an exciting new diagnostic area.”

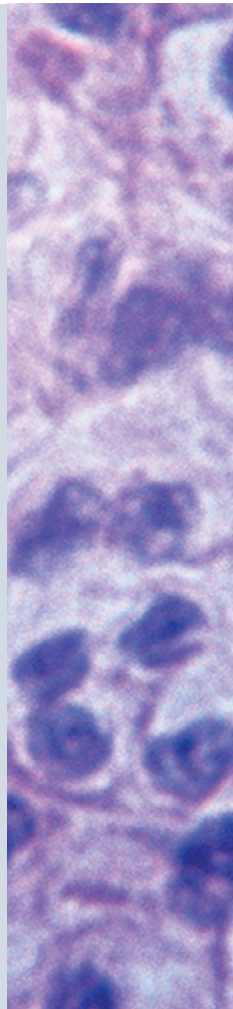

– Previous workshop attendee

**Presenters** Lida P. Hariri, MD, PhD, FCAP, Massachusetts General Hospital  
 Savitri Krishnamurthy, MD, FCAP, The University of Texas MD Anderson Cancer Center  
 Greg Lauwers, MD, FCAP  
 Jonathan L. Myles, MD, FCAP, Cleveland Clinic Foundation  
 Babar K. Rao, MD, FAAD, Rutgers University  
 Maria Shevchuk, MD, FCAP, IVM Committee Chair  
 Gary J. Tearney, MD, PhD, FCAP, Massachusetts General Hospital

- Seminar Themes**
- Explain IVM image terminology
  - Demonstrate ex vivo optional imaging for tissue evaluation and surgical pathology practice
  - Explain latest IVM technologies and image acquisition modalities with a focus on GI, skin, and lung
  - Demonstrate familiarity with IVM image interpretation criteria
  - Demonstrate ex vivo optional imaging for tissue evaluation and surgical pathology practice
  - Explain the role of pathologists in IVM programs
  - Explain IVM reimbursement opportunities

**Who Should Attend** Pathologists and pathology residents interested in establishing their presence in IVM and GI specialists wanting to collaborate with their pathology colleagues on IVM may want to attend.

**Fees and Registration** This is a complimentary workshop but has limited space. To reserve your seat, register today at [surveymonkey.com/r/IVMWorkshop17](https://surveymonkey.com/r/IVMWorkshop17).
